

**Job Title:** Carpentry Craftsman Apprentice

**Company:** Alchemy Concrete, Inc.

**Location:** Central Wisconsin

**Reports To:** Foreman

Alchemy Concrete, Inc., an innovative full-service concrete provider, is seeking a Carpentry Craftsman Apprentice to join our dynamic and creative team. If you're passionate about transforming ordinary surfaces into extraordinary works of art, we invite you to explore our website at [www.alchemyconcrete.com](http://www.alchemyconcrete.com) and consider joining us.

As an apprentice, you will receive hands-on training, guidance, and mentorship from experienced carpenters, helping you develop the skills and knowledge needed to become a skilled craftsman. The ideal candidate will have a basic understanding of construction tools and processes, a strong desire to learn, and a positive attitude toward working in a team-oriented environment.

**Key Responsibilities:**

- Assist in various carpentry tasks including framing, finishing, and installation of materials under the supervision of experienced carpenters.
- Learn to safely operate a variety of construction tools and equipment.
- Follow construction plans and blueprints, assisting in the preparation and assembly of materials for projects.
- Support the foreman and team members in maintaining a safe and efficient worksite.
- Adhere to quality standards and project deadlines.
- Take direction and feedback from foreman and other experienced team members to improve skills.
- Assist in maintaining a clean, organized, and safe work environment.
- Participate in training and educational opportunities to enhance carpentry skills.

**Qualifications:**

- Basic understanding of construction tools and processes.
- A strong desire and enthusiasm to learn the carpentry trade.
- Valid driver's license and reliable transportation.
- Positive attitude, with a willingness to contribute to team success.
- Ability to take direction and follow instructions from foreman.
- Coachable with a desire to improve and grow within the trade.
- Must be able to work in a team environment and collaborate effectively.
- Physical ability to lift, carry, and move materials as needed up to 100lbs.
- High school diploma or equivalent (preferred).

**Additional Skills (Preferred but not Required):**

- Previous construction or carpentry experience (even if minimal).
- Familiarity with safety protocols and use of personal protective equipment (PPE).

**Additional Information**

- **Job Type:** Full-time
- **Salary:** \$20.00 - \$30.00 per hour
- **Schedule:** Monday to Friday, with occasional weekend availability.

**Benefits:**

- Opportunity for long-term career growth and advancement within the company.
- Hands-on training and mentorship from seasoned professionals.
- Competitive wage with potential for raises based on performance.
- Health benefits (if applicable).
- Paid time off and holidays (if applicable).

**How to Apply:**

Interested candidates should submit their resume and a brief cover letter explaining their interest in the carpentry trade and why they would be a great fit for this apprenticeship position to [lindsey@alchemyconcrete.com](mailto:lindsey@alchemyconcrete.com).

We are an equal opportunity employer and encourage applicants from all backgrounds to apply.
